About Company

Mamatho Mining Construction and Projects (Mamatho Projects) was established to provide professional and timeously mining and logistics services to the private and public sector at large. A wholly South African black owned company, we support the reconstruction and safety initiatives of South Africa, environmental protection, and preservation of vital resources.

Being a 100% Broad Based Black Economic Empowerment company, Mamatho Projects has interest in forming business linkages with complementary professionals in multidisciplinary projects. The company professes good management, leadership and efficiency, and the use of cutting-edge technology in our fleet to yield the most effect results.

Our commitment to safety, timeously delivery and client retention will ensure our company's sustainability that stays at the forefront of the industry's evolution. The company intends to establish a track record of quality, timeously deliveries, innovation and commitment to the successful completion of all its operations.

VISION

To be the leading and trusted logistics company that is committed to the perfect delivery of goods and services entrusted to us by our stakeholders.

MISSION

- To develop and operate within the best practice models that are internationally recognized
- To deliver return on investment that is prudent and sustainable to all stakeholders
- To form key partnerships and strategic alliances with entities that contribute to the development and sustainability of the company.

VALUES

- **Integrity:** to be transparent, dependable, and authentic in all dealings
- **Reliability:** to be available when needed and be consistent in-service delivery.
- **Excellence:** produce outputs that exceed expectations and meets international standards
- **Accountability:** taking responsibility for actions and decisions made.

We hold all the accreditation and quality certificates that ensures safety of our fleet and allows us to transport over mass loads. As part of the quality requirements, we must pass regular, strictly monitored audits and our staff must be trained to a very high level to meet the quality requirements of the industry.

We have drivers licensed to transport dangerous goods, oversize loads, single, double and road train loads. So, no matter what the size of the load or the goods you need transported, we have the equipment and the staff to suit your requirements.

WE UNDERSTAND OUR CUSTOMER:

We know that every minute of downtime costs you money. That is why we always have a driver ready to take over a project and enough equipment to deliver the project.

COMPETITIVE ADVANTAGE

ALWAYS AVAILABLE

We operate 365 days a year, anywhere, anytime bringing unmatched service to all of the industry. Whether its mining, coal, iron ore, fuel or any dangerous goods, we have the capacity and capability to deliver.

WE OWN OUR EQUIPMENT:

We're able to get on the road faster than anyone else because we own the inventory and equipment we use to deliver the project.
